Machine	Description	
DIDDIE PRESS - 4 COLOUR	Used for manufacturing post it notes. Can print up to 4 colours	
PMC DIECUTTER	Post it note die cutter	

Focus Print Group has one of the largest in-house print manufacturing footprints in Australia, with manufacturing locations in Sydney, Melbourne, Brisbane, the Gold Coast and a sales presence in Canberra. This spread supports local production, reduces transport costs and hence risk for our clients.

All sites have specialisations and cross over capabilities which provide further risk management in addition to an enviable scope of in-house printing and finishing services that we deliver to our customers nationally.
